

Critical Issues for Master Gardeners Series – Climate, Water, Soil

Dr. Thomas Blaine, Associate Professor, Ohio State University Extension

Amy Roskilly, Conservation Education Specialist, Cuyahoga County Soil and Water Conservation District

Todd Houser, Professional Soil Scientist, DiGeronimo Aggregates LLC

Table with event details: Friday, February 26, 2016; Education Credits 3.0; 9:30 am – 1:00 pm; Maple Heights Library; 5225 Library Ln; Cleveland, OH 44137; Fee: \$4.50 or Bonus Buck; Guests Welcome

What climate changes can Ohio expect to see over the next 50 years? How can we as Master Gardeners, help mitigate some potential problems through understanding our soil and water issues? This early season CE opportunity will help you understand the issues.
