Casa Verde Growers
10310 E. River Rd
Columbia Station, OH
Limit 30: Cuy. MGs only

Casa Verde Growers is a wholesale supplier of annual, perennial, and tropical plants for Petittis.

The growing facilities are located in Columbia Station with greenhouses spanning over 895,000 square feet. This year round operation oversees the entire growing process beginning from cuttings and seeds and uses the most efficient practices during the growing process. Casa Verde growing facilities have been ranked 80th in size overall in the country by Greenhouse Grower Magazine.

Master Gardeners will be given a detailed tour of the beautiful greenhouses. At the end of the tour, plants may be bought.

Please email Pat Koch of your registration with "Casa Verde" in the subject line, however you are paying: Paypal, Bonus Bucks or mail. This class is limited to the first 30 registrants and we need to know the order of registration.
