Join the Cuyahoga County Master Gardeners for another free online program....

Container Vegetable Gardening

"Container Vegetable Gardening" is a presentation designed to help those who are downsizing from a home with a regular, in-ground vegetable garden to an apartment or condominium with limited patio or balcony space. The desire to continue to grow a few vegetables has made this a popular subject. Topics covered will include the basic requirements, types and sizes of containers, cultural practices and tips for growing popular vegetables. This talk is suitable for beginners as well as more experienced gardeners.

Presenter: Christine Harris

Christine is an outstanding teacher and was the first Master Gardener from Cuyahoga County to win the award for Master Gardener of the Year at the state level. She lives on an acre of land filled with fruit trees, flower beds and vegetable plots has been a Master Gardener Volunteer since 2004

Master Gardener attendees earn 1 CE.

There is no charge for this event.
