### **What Do I Do with My Holiday Plants after the Holidays?**

**Presented by Cuyahoga County  
Master Gardener Volunteer Marilyn Hallenburg**

Have you given or received a plant during the cold holiday season? Now that you have had the time to enjoy it, what do you do with it after the holidays are over? Can you keep it and have it bloom again or is it time to "bite the bullet" and let it go to "plant heaven?" We will discuss what plants you can keep and what you will need to do to keep them thriving.

**Marilyn Hallenburg** became a Master Gardener Volunteer in 2014 after retiring from a 30 year career in child development. She has volunteered in various Master Gardener activities, but her favorite has been bringing gardening information to older students through the Tri-C Encore Program.

CFAES provides research and educational programs to clientele on a nondiscriminatory basis. For more information visit [cfaesdiversity.osu.edu](http://cfaesdiversity.osu.edu).

Marilyn's yard has been certified by the National Wildlife Federation as a "Certified Backyard Habitat." She has been slowly replacing her garden with native plants to encourage birds, insects, and other small creatures to "live" in her backyard. Her main concern is the lack of flowers in the yards around her for the pollinators and her mantra is "you are not going to have very many tomatoes if you don't have flowers to attract the insects to pollinate your tomato plants."

There is a \$5.00 fee for this event.

**Registration ends Friday, November 20 at 12 noon**
