Mark and Cynthia Druckenbrod have graciously invited MGCCs to visit their [amazing grounds in Moreland Hills](#).

For over 20 years, the Druckenbrods have been recognized for their hybridization of Hemerocallis and Begonias throughout the United States and beyond. A gifted educator, Cynthia will discuss her work with hybridization of lilies and nurturing and care of rare begonias. Cynthia and Mark will guide us through their amazing four acres and point out rare specimens along the way.

The gardens consist of multiple test gardens, perennials, and tropicals of many types that they cultivate in season and take into their greenhouse for winter. The property is surrounded by four acres of woodlands and situated along a stream.

This event is limited to Master Gardener Volunteers of Cuyahoga County only. There is a \$7.50 fee for this event. Master Gardener Volunteers earn 2 CEs for this event. Bonus Bucks will not be accepted.

**Registration ends Saturday, July 10 at 12 Noon or when capacity is reached.**

**Registration Closed**
