### **Where**

This is an online event  
using Zoom

CFAES provides research and related educational programs to clientele on a nondiscriminatory basis. For more information visit [cfaesdiversity.osu.edu](http://cfaesdiversity.osu.edu).

If you are representing an organization in Northeast Ohio, please feel free to share this email registration or invite your group members to go to our [website](#) and sign up for our event notifications.

(Master Gardener Volunteers earn 1 CE for this event. Bonus Bucks will not be accepted.)

Join us every other Saturday for informative and timely gardening sessions presented online by Master Gardeners of Cuyahoga County. On April 10 we continue the theme of vegetable gardening by focusing on a venerable favorite:

### **Tomatoes**

The tomato is the most popular garden vegetable crop. It comes in a wide range of sizes, shapes and colors. All gardeners can be successful in growing tomatoes! This presentation will talk about the origins of the vegetable and discuss the best practices for not only growing tomatoes but enjoying them as well.

**Pat Koch** has been a Master Gardener Volunteer since 2008. Pat is a retired mathematics teacher, having taught at all levels and does a great impersonation of Pythagoras! Pat's gardens included her favorites: irises, roses, redbud trees, and fothersgilla! As a Master Gardener Volunteer, Pat is the chairman of the Speakers Bureau and enjoys working with county residents of all ages as they learn more about good soil and great plants.

There is a \$5.00 fee for this event.

### **Registration ends Friday, April 9 at 12 Noon**

Information on how to connect to the online webinar will be sent to all registrants on April 9.
