If you are representing an organization in Northeast Ohio, please feel free to share this email registration or invite your group members to go to our [website](#) and sign up for our event notifications.

(Master Gardener Volunteers earn 1 CE for this event. Bonus Bucks will not be accepted.)

THE OHIO STATE UNIVERSITY
COLLEGE OF FOOD, AGRICULTURAL,
AND ENVIRONMENTAL SCIENCES

Join us every other Saturday for informative and timely gardening sessions presented online by Master Gardeners of Cuyahoga County. On May 8 our focus will be on:

Heirloom Vegetables and Flowers

Growing heirloom vegetables and flowers has become very popular. But beyond being a gardening trend, there are pleasures and advantages in growing these delicious and beautiful plants. In this presentation you will learn why heirlooms are important, what to consider when growing heirlooms, the difference between hybrids and heirlooms, seed-saving, as well as common and Ohio-based heirloom plants and varieties, and general gardening tips.

Presenter: As a Master Gardener Volunteer in Cuyahoga County since 2010, **Deborah Osgood** has provided volunteer services in many areas, including the Metro Health Hospital Horticultural Therapy program and a tree nursery during a 2014 trip to Ecuador. When she isn't digging in the soil, Deborah works at a non-profit organization serving children and adults with disabilities and their families, and enjoys spending time with her husband, two grown sons, and three young grandsons.

There is a \$5.00 fee for this event.

Registration ends Friday, May 7 at 2 PM

Information on how to connect to the online webinar will be sent to all registrants on May 7.

Register Now!

If you have questions or comments, please contact us using our email address below.

Sincerely,

Master Gardeners of Cuyahoga County
