Saturday, July 17, 2021
from 10:00 AM to 11:00 AM
EDT

[Add to Calendar](#)

Where

This is an online event
using Zoom

CFAES provides research and related educational programs to clientele on a nondiscriminatory basis. For more information visit cfaesdiversity.osu.edu.

If you are representing an organization in Northeast Ohio, please feel free to share this email registration or invite your group members to go to our [website](#) and sign up for our event notifications.

(Master Gardener Volunteers earn 1 CE for this event. Bonus Bucks will not be accepted.)

Join us on selected Saturdays for informative and timely gardening sessions presented online by Master Gardeners of Cuyahoga County. On July 17 we address two issues you are probably dealing with this time of year:

When and How Do I Harvest?

Do you know when your vegetables are at their peak and ready to harvest? In this session we will cover the when and how for the most commonly grown vegetables. We will also answer questions about which vegetables will continue to produce throughout the season, and even which can even be wintered over.

Garden Safety

Are you following the best practices regarding the use of organic and non-organic pesticides in your garden? This session will provide a reminder of the basics to keep you safe in your garden.

Presenter: Christine Harris is an outstanding teacher and was the first Master Gardener from Cuyahoga County to win the award for Master Gardener of the Year at the state level. She lives on an acre of land filled with fruit trees, flower beds and vegetable plots. Christine has been a Master Gardener Volunteer since 2004.

There is a \$5.00 fee for this event.

Registration ends Friday, July 16 at 2 PM

Information on how to connect to the online webinar will be sent to all registrants on July 16.

Registration Closed

If you have questions or comments, please contact us using our email address below.
