(Master Gardener Volunteers earn 1 CE for this event. Bonus Bucks will not be accepted.)

Join us on selected Saturdays for informative and timely gardening sessions presented online by Master Gardeners of Cuyahoga County. Our focus on October 23 is on:

Success with Succulents

Succulents can be more than "Hens and Chicks." This session will introduce you to many unusual varieties, teach you how to grow and care for them, and help you to design interesting planters.

Presenter: Holly McTernan is a second-generation Master Gardener who joined the program in 2014. She has a particular interest in wildflowers, vegetables, and small fruit trees. When not in her garden, she teaches physics and enjoys collaborating with other teachers, caring for her pets or playing violin with the Euclid Symphony Orchestra or at the Music Settlement.

There is a \$5.00 fee for this event.

Registration ends Friday, October 22 at 2 PM

Information on how to connect to the online webinar will be sent to all registrants on October 22.
