Registration 8:30 a.m. - 9:00 a.m.
Program Starts at 9:00 a.m.

Courtyard by Marriott
100 South Fountain Avenue
Springfield, Ohio

Topics

* **Design Tips Shared from Before and After Garden Renovations**

Kerry's lecture features landscape transformations of Perennially Yours over the past decade. The gardens have been featured in magazines including *Horticulture*, *Fine Gardening*, *Garden Gate* and a special edition of *Better Homes and Gardens*. The gardens' evolution reflects the goals to create a more sustainable and lower maintenance landscape with increased year-round structural interest. The talk includes design tips as well as recommended perennials, shrubs and annuals for months of dazzling color.

* **Three Seasons of Outrageous Color from Perennials**

Kerry will show spectacular perennials for sun and shade that brighten your landscape spring through fall. Many newer varieties will be featured. As one perennial stops blooming, it "passes the baton" to the next "winner." Helpful garden care tips and shortcuts to maximize color and reduce maintenance will also be covered.

* **Top Ten Pests**

Pam will share with you the top 10 perennial garden pests and their recommendations. In addition, come prepared to ask questions about your top perennial problems in the final minutes of the presentation.

* **Top Performing Perennials of the OSU Chadwick Arboretum Learning Gardens**

Kathy will teach you about some of the best and most reliable perennials at Ohio State University's Teaching and Research Gardens.

* **Coreopsis**

Pablo will discuss there is much more to our native, cheerful Coreopsis, than the deservedly popular 'Moonbeam'! You will hear of the wonderful diversity in this group.

Speakers Biography

Kerry Ann Mendez

Kerry is an author, garden consultant and designer. She has been on HGTV, hosted national webinars for *Horticulture* magazine, and has been featured in *Fine Gardening*, *Garden Gate* and *Better Homes and Gardens* (SIP).

Pamela Bennett

State Master Gardener Volunteer Coordinator and Horticulture Educator and Director for Ohio State University Extension in Clark County.

She has a BS in Landscape Horticulture and an MS in Human and Community Resource Development from Ohio State University. Her responsibilities include providing leadership for the Ohio Master Gardener volunteer program, and conducting consumer and commercial horticulture programs. Pam's research is on annual flowers and ornamental grasses.

Kathy Burkholder

Program Coordinator - Horticulture & Crop Science, The Ohio State University

Kathy has worked in the Horticulture industry for over 30 years. Her current position is to supervise the planting and maintenance of the Ohio State University Chadwick Learning Gardens in Columbus, Ohio.

Pablo Jourdan

Associate Professor/Dir OPGC - Horticulture & Crop Science, The Ohio State University

Associate Professor of Landscape Horticulture at OSU and Director of the Ornamental Plant Germplasm Center, a genebank for preservation and enhancement of herbaceous ornamental plants.

Deadline February 28, 2013

Cost: \$50.00 (included materials, continental breakfast, and lunch). Class size is limited.
