2016 Home Gardeners'

"Nurture Nature

Through Gardening"

Presented by

Lake County

Master Gardener Volunteers

and

Ohio State University Extension

Saturday, March 12, 2016

8:00 - 8:45 Registration and Continental Breakfast

8:45 - 4:00 Program

at Lakeland Community College

THE OHIO STATE UNIVERSITY

COLLEGE OF FOOD, AGRICULTURAL,
AND ENVIRONMENTAL SCIENCES

★ **NEW for 2016** ★

- **EARLY REGISTRATION** -

Registrations postmarked by February 8, 2016, will receive one free chance to win a butterfly garden valued at \$199.00 from...

Plants are zoned 5-8 and with snow cover. Select a sunny spot for these 24 plants, 13 varieties. A layout for a 9' x 11' corner bed is included.

We are honored to welcome Hope Taft, former First Lady of Ohio (1999-2007), and Guy Denny, interpretive naturalist and former Chief of the DNAP. This year they will present a delightful program titled "Painting Ohio in Broad Brushstrokes".

CFAES provides research and related educational programs to clientele on a nondiscriminatory basis. For more information: go.osu.edu/cfaesdiversity.

Program Agenda

Registration and Continental Breakfast

8:00–8:45

Introduction

8:45–9:00

Session 1 9:00–10:15

(Make a 1st and 2nd choice from A, B, or C)

Break

10:15–10:30

A. Bulbs, Tubers, Corms, Oh My!

Cynthia Druckenbrod, Vice President of Horticulture at the Cleveland Botanical Garden

Do you know the difference between bulbs, tubers, corms and rhizomes? Learning how to plant will make your yard burst with color in spring, summer and fall.

B. Wine Making at Home: What You Need to Know to Get Started

Tim Malinich, OSU Extension Educator, Erie County

If you've been thinking about trying your hand at wine making, delay no longer. This class looks at the supplies, money, and time commitment needed to ferment grapes you have grown or purchased. There will be a demonstration of the process, but sorry to say ... no samples!

C. Using Native Plants in Landscapes That Work

Mark and Kristine Gilson, Owners, Gilson Garden Center

What constitutes a native plant? And, what plants are native to where? The Gilson's will discuss native plant gardening in Northeastern Ohio with plants to use, how-to tips and examples of landscapes that work.

Session 2 10:30–11:45

(Make a 1st and 2nd choice from D, E, or F)

Lunch (Breakers dining area)

Shop Vendors

11:45–1:15

D. Painting Ohio in Broad Brushstrokes

Hope Taft and Guy Denny

Learn from Hope Taft, former First Lady of Ohio (1999-2007), and Guy Denny, Interpretive Naturalist and former Chief of DNAP, about the Heritage Garden, Ohio's official botanical garden of native plants located at the Governor's Mansion and how it relates to Ohio history and natural areas.

E. Using Cacti and Succulents to Beautify Your Garden

Bill Hendricks, President of Klyn Nurseries

Many cacti and succulents are hardy and can be used in the garden all year. Others can be placed outside just for the summer. Let Bill define the differences and show how to use these beautiful plants to the best of their advantage in your garden.

F. Bees and Bee Biology for Non-Beekeepers

Denise Ellsworth, OSU Program Director, Honey Bee and Native Pollinator Education

Ever wonder why bees vibrate their wing muscles to the tone of middle C? Join Denise to learn their importance as pollinators, their habitat, food sources, and many other common bee questions.

Session 3 1:15–2:30

(Make a 1st and 2nd choice from G, H, or I)

Break and Refreshments

2:30–2:45

G. Building a Homeowners' Integrated Pest Management Program

Randall Zondag, Extension Director/Educator, Lake County

The Integrated Pest Management approach is very simple; practice prevention, understand the risk, treat only when necessary, and use the safest available alternative to do the job. Principles of IPM can be applied to home, lawn, landscape, and vegetable gardens. Randy will explain why smart gardeners use IPM to protect human health and the environment by making sound pest management decisions.

H. Produce Outside Your Door: Designing and Maintaining a Kitchen Garden

Robert Dzurec, Horticulturalist

Designing a potager/kitchen garden for any size yard. Ideas and concepts that will help you put together a productive and visually pleasing produce garden.

I. Gardening for Butterflies

Denise Ellsworth, OSU Program Director, Honey Bee and Native Pollinator Education

This session will focus on the practical steps gardeners can take to create or enhance butterfly habitat, including plant selection (nectar and host plants) and simple design elements. By creating a patchwork of garden spaces that provide food and shelter for butterflies, gardeners can positively impact the health and survival of these important creatures.

Session 4 2:45–4:00

(Make a 1st and 2nd choice from J, K, or L)

Get your parting gift in the lobby.

Thank you for your support.

J. 10 Ways to Make Your Landscape Easier to Maintain

Jeff Griff, Owner, Lowes's Greenhouse

Styles and trends shift with time and landscaping is not exempt from this reality. Jeff will focus his discussion on gardening tasks, that with a few adjustments, can make our landscape much easier to maintain and enjoy.

K. Herbs For Flavor, Fragrance and Fitness

Kathleen Gips, Author, Editor, Lecturer and Educator

Kathleen will have tips on growing and using herbs including culinary, aromatherapy, home cleaning, teas, skin care, and moth chasers. Learn how to blend herbs and essential oils and use them in your everyday life.

L. New In The Garden for 2016

Noelle Clark Akin, Director of Communication and Education at Pettitt Garden Centers

Join Noelle for an in-depth look at the newest and brightest plant varieties for your garden. Discover the best annuals, hardiest perennials and must-have trees and shrubs perfect for your home landscape.
