**** Door Prizes! ****

Join us in

discovering the joys of a smaller garden!

Our Program begins at 10:00AM!

“Simplifying Your Garden Without Diminishing Joy!”

Keynote: Debra Knapke “The Garden Sage” & Author

Why simplify? You may be moving to a smaller home and yard, caring for your garden has become difficult or you want something different from your garden. To find joy in your garden is to know what you want from it and to achieve small goals one at a time. I use my own garden and others' to provide inspiration for the creation of a simpler, more blissful garden.

“HERBS: Plant ‘Em, Prune ‘Em, Pinch ‘Em, Eat ‘Em!”

Presented by Bev Shaffer “Master Gardener/Chef/Author”

Herbs are plants that connect us, somewhat familiar and much valued friends to both professional and amateur gardeners. We associate them with natural scents, peaceful gardens and groupings, and appetizing food. Bev will discuss the ease of planting potted herbs that will thrive in container gardens or a small herb garden near your kitchen door, including a list of Bev's 25 favorite fresh herb plants that are great to have handy in the kitchen!

“A Look at Using Hostas in Containers”

Presented by Deb Collins “Master Gardener/Hosta-holic” Hosta Outside Your Door Step – Big and Bold or Mini but Manageable? Let Deb help you navigate using Minis in small containers or rock gardens. Discover how to create a beautiful (and manageable!) hosta garden in a small setting. Learn everything you need to know to keep your Minis in tip-top shape so you can enjoy them year after year!
